## Message from the Director

Dear Friends and Benefactors,

One of today's serious environmental issues includes wastes from non-biodegradable plastic products. Human beings, other creatures, and nature in all the global communities have been facing these quickly worsening and hard-to-remedy challenges.

At the Orphanage, we encourage children from very young age to develop self-discipline, and constantly and correctly keep their rooms and compound clean and tidy. It is a repetitive effort to help them realize the impact of their actions, with the hope that they would grow into quality citizens, and to be part of the long-term solutions to the problems.

Fr. Michael Weera Phangrak  
Director

▲ Learning Football Skills: Children of Pattaya Orphanage are learning football skills, making good use of their vacation through the weekly training with professional football coaches in our own field.
